### Industry Experience

#### Anark

10/14/2008 - 12/31/2008

**3D Modeling & Mapping:** My responsibilities included the Modeling & Mapping of Cessna business jets to be used in a Multimedia sales tool.

**Highlight:** Seeing models I worked on accurately mapped in the sales tool & changing paint schemes on a plane with one click of a button. Working with a great team of 3D Artists was a highlight as well.

#### TeleTech

4/1/2007 - 12/20/2007

**Graphic Design Specialist:** My responsibilities included the Production and distribution of presentations, brochures, newsletters, displays, charts, diagrams, promotional materials, & other publications.

**Highlight:** Flying to the Dell campus in Houston, TX. on a corporate jet to change & finish a presentation at the last minute. It was a high pressure situation that I successfully conquered & celebrated with the CEO & upper management team on the flight back to Denver.

#### Point Technologies Inc.

1/1/2006 - 1/10/2007

**Marketing Coordinator:** My responsibilities included the coordination & production of all the Marketing efforts. I produced digital animations, 3D models, graphic design, print design, web design & handled the trade show planning & implementation.

**Highlight:** Merging multiple medical device manufacturers' corporate identities into one cohesive brand after a major merger in the medical device industry. I then planned & executed the public announcement at a trade show in New York.

#### ZIP Graphics LLC

9/15/2002 - Current

##### Visual Communications Studio (Owner / Operator)

I established an LLC to do freelance Visual Communications in September of 2002. I have successfully produced Graphic Designs & Multimedia for many unique clients in many different industries. ZIP Graphics specializes in Print Design, Web Design, Presentations & 3d Modeling & Animation. I've designed & produced animations, product models, high-end product renderings, corporate identity packages, print collateral & complete websites for my clients.

**Highlight:** Point Technologies Inc. was a client of mine for 2 years when they asked me to be their full-time, in-house Marketing Coordinator. While working with the amazing Marketing team at Point Technologies I learned a lot from some great professionals & gained valuable experiences.

S	Adobe CS3	Illustration
K	Adobe After Effects	Painting
I	Adobe Premiere Pro	Sculpture
L	Macromedia Studio 8	Storyboards
L	3D Studio Max 9	Photography
L	ZBrush 2	Character Design
S	Microsoft Office suite	platform independent
